

CONTENTS

ANIMAL WELL-BEING AND BEHAVIOR

- Electroencephalographic evaluation of the effectiveness of blunt trauma to induce loss of consciousness for on-farm killing of chickens and turkeys
J. -C. Cors, A. D. Gruber, R. Günther, B. Meyer-Kühling, K. -H. Esser,
and S. Rautenschlein.....147
- Photostimulation of Japanese quail
A. B. Molino, E. A. Garcia, G. C. Santos, J. A. Vieira Filho, G. A. A. Baldo,
and I. C. L. Almeida Paz 156

GENETICS AND GENOMICS

- Genetic analysis of leg problems and growth in a random mating broiler population
F. González-Cerón, R. Rekaya, N. B. Anthony, and S. E. Aggrey.....162

Research Note

- Genetic parameters for body weight in meat quail
A. Barbieri, R. K. Ono, L. L. Cursino, M. M. Farah, M. P. Pires, T. S. Bertipaglia,
A. V. Pires, L. Cavani, L. O. D. Carreño, and R. Fonseca.....169

IMMUNOLOGY, HEALTH, AND DISEASE

- Development of intestinal mucin 2, IgA, and polymeric Ig receptor expressions in broiler chickens and Pekin ducks
Qian Zhang, Susan D. Eicher, and Todd J. Applegate.....172

Research Note

- Comparison of different ELISA protocols for the detection of IgA against influenza nucleoproteins in trachea of vaccinated chickens
V. A. Kuttappan, L. R. Bielke, A. D. Wolfenden, L. R. Berghman, G. Tellez,
B. M. Hargis, and O. B. Faulkner 181

METABOLISM AND NUTRITION

- The effects of extrusion of wheat distillers dried grains with solubles with or without an enzyme cocktail on performance of turkey hen poults
E. Y. Opoku, H. L. Classen, and T. A. Scott 185
- Effects of feeding diets varying in energy and nutrient density to Hy-Line W-36 laying hens on production performance and economics
S. dePersio, P. L. Utterback, C. W. Utterback, S. J. Rochell, N. O'Sullivan,
K. Bregendahl, J. Arango, C. M. Parsons, and K. W. Koelkebeck 195
- Effects of wheat distillers dried grains with solubles with or without protease and β -mannanase on the performance of turkey hen poults
E. Y. Opoku, H. L. Classen, and T. A. Scott 207
- Effects of dietary pyrroloquinoline quinone disodium on growth, carcass characteristics, redox status, and mitochondria metabolism in broilers
J. Wang, H. J. Zhang, K. G. Samuel, C. Long, S. G. Wu, H. Y. Yue, L. L. Sun,
and G. H. Qi..... 215
- Various levels and forms of dietary α -lipoic acid in broiler chickens: Impact on blood biochemistry, stress response, liver enzymes, and antibody titers
D. W. Kim, M. M. H. Mushtaq, R. Parvin, H. K. Kang, J. H. Kim, J. C. Na,
J. Hwangbo, J. D. Kim, C. B. Yang, B. J. Park, and H. C. Choi..... 226

Energy utilization and growth performance of chickens fed novel wheat inbred lines selected for different pentosan levels with and without xylanase supplementation V. Pirgozliev, S. P. Rose, T. Pellny, A. M. Amerah, M. Wickramasinghe, M. Ulker, M. Rakszegi, Z. Bedo, P. R. Shewry, and A. Lovegrove.....	232
Implication of milling methods, thermal treatment, and particle size of feed in layers on mineral digestibility and retention of minerals in egg contents A. Hafeez, A. Mader, I. Ruhnke, I. Röhe, F. Goodarzi Boroojeni, M. S. Yousaf, K. Männer, and J. Zentek.....	240
Productive performance of brown-egg laying pullets from hatching to 5 weeks of age as affected by fiber inclusion, feed form, and energy concentration of the diet P. Guzmán, B. Saldaña, H. A. Mandalawi, A. Pérez-Bonilla, R. Lázaro, and G. G. Mateos.....	249

MOLECULAR AND CELLULAR BIOLOGY

Sequence-based genotyping clarifies conflicting historical morphometric and biological data for 5 <i>Eimeria</i> species infecting turkeys S. El-Sherry, M. E. Ogedengbe, M. A. Hafeez, M. Sayf-Al-Din, N. Gad, and J. R. Barta.....	262
--	-----

PHYSIOLOGY AND REPRODUCTION

Thermal manipulations of turkey embryos: The effect on thermoregulation and development during embryogenesis Y. Piestun, I. Zimmerman, and S. Yahav.....	273
Effects of dietary organic chromium and vitamin C supplementation on performance, immune responses, blood metabolites, and stress status of laying hens subjected to high stocking density E. Mirfendereski and R. Jahanian.....	281
Oral administration of supplementary biotin differentially influences the fertility rate and oviductal expression of avidin and avidin-related protein-2 in low- and high-fertility broiler line hens H. Daryabari, A. Akhlaghi, M. J. Zamiri, Z. Ansari Pirsaraei, G. Rahimi Mianji, H. Deldar, and A. N. Eghbalian.....	289

Research Note

Effect of daily lithium chloride administration on bone mass and strength in growing broiler chickens B. M. Harvey, M. Eschbach, E. A. Glynn, S. Kotha, M. Darre, D. J. Adams, R. Ramanathan, R. Mancini, and K. E. Govoni.....	296
---	-----

PROCESSING AND PRODUCTS

Functional properties of bicarbonates and lactic acid on chicken breast retail display properties and cooked meat quality Nakia Lee, Vijendra Sharma, Nettie Brown, and Anand Mohan.....	302
---	-----

MANAGEMENT AND PRODUCTION

Sexing in guinea fowls (<i>Numida meleagris</i>) Iddriss I. Abdul-Rahman, Bawa Awumbila, Ian A. Jeffcoate, Jane E. Robinson, and Frederick Y. Obese.....	311
Acute and chronic eggshell temperature manipulations during hatching term influence hatchability, broiler performance, and ascites incidence A. Sozcu and A. Ipek.....	319
