

CONTENTS

ANIMAL WELL-BEING AND BEHAVIOR

- The effect of furnished cages on the immune response of laying hens under social stress
 Erdal Matur, Evren Eraslan, Ibrahim Akyazi, Elif Ergul Ekiz, Huseyin Eseceli,
 Mehmet Keten, Kemal Metiner, and Deniz Aktaran Bala..... 2853

GENETICS AND GENOMICS

- Association between ACTA1 candidate gene and performance, organs and carcass traits in broilers
 G. C. Venturini, N. B. Stafuzza, D. F. Cardoso, F. Baldi, M. C. Ledur,
 J. O. Peixoto, L. El Faro, and D. P. Munari..... 2863
- The genetic basis of pectoralis major myopathies in modern broiler chicken lines
 Richard A. Bailey, Kellie A. Watson, S. F. Bilgili, and Santiago Avendano..... 2870

IMMUNOLOGY, HEALTH AND DISEASE

- Growth inhibitive effect of betulinic acid combined with tripterine on MSB-1 cells and its mechanism
 N. An, H. Y. Li, and X. M. Zhang..... 2880
- The effect of dietary fructooligosaccharide supplementation on growth performance, intestinal
 morphology, and immune responses in broiler chickens challenged with *Salmonella* Enteritidis
 lipopolysaccharides
 Yue Shang, Alemu Regassa, Ji Hyuk Kim, and Woo Kyun Kim..... 2887
- Effects of different vaccine combinations against *Mycoplasma gallisepticum* on the digestive and
 reproductive organ characteristics of commercial egg-laying hens
 E. D. Peebles, R. Jacob, S. L. Branton, J. D. Evans, S. A. Leigh, and P. D. Gerard..... 2898
- Outbreak of *Listeria Monocytogenes* in Pheasants
 Yufang Gu, Xiongyan Liang, Zhuan Huang, and Yuying Yang..... 2905

METABOLISM AND NUTRITION

- Genetically modified crops in a 10-generation feeding trial on Japanese quails – Evaluation of its influence
 on birds' performance and body composition
 K. E. Sartowska, A. Korwin-Kossakowska, and G. Sender..... 2909
- Age and adaptation to Ca and P deficiencies: 2. Impacts on amino acid digestibility and phytase efficacy
 in broilers
 W. Li, R. Angel, S.-W. Kim, E. Jiménez-Moreno,
 M. Proszkowiec-Weglarz, and P. W. Plumstead..... 2917
- Evaluation of dietary calcium requirements for laying Longyan shelducks
 W. G. Xia, H. X. Zhang, Y. C. Lin, and C. T. Zheng..... 2932
- Effects of dietary L-arginine on laying performance and anti-oxidant capacity of broiler breeder hens,
 eggs, and offspring during the late laying period
 Xiaoxue Duan, Feng Li, Shaoyang Mou, Jiawei Feng, Peifeng Liu, and Liangmei Xu..... 2938
- Effects of rice bran on performance, egg quality, oxidative status, yolk fatty acid composition, and fatty
 acid metabolism-related gene expression in laying ducks
 D. Ruan, Y. C. Lin, W. Chen, S. Wang, W. G. Xia, A. M. Fouad, and C. T. Zheng..... 2944
- Inclusion of phytogetic blends in different nutrient density diets of meat-type ducks
 Mohsen Mohammadi Gheisar, Yong Woon Im, Hae Hyung Lee,
 Yang Il Choi, and In Ho Kim..... 2952
- Effects of co-fermented *Pleurotus eryngii* stalk residues and soybean hulls by *Aureobasidium pullulans*
 on performance and intestinal morphology in broiler chickens
 L. P. Lai, M. T. Lee, C. S. Chen, B. Yu, and T. T. Lee..... 2959

MOLECULAR AND CELLULAR BIOLOGY

- Relationship between *Eimeria tenella* development and host cell apoptosis in chickens
Zhang Yan, Zheng Ming-xue, Xu Zhi-yong, Xu Huan-cheng, Cui Xiao-zhen,
Yang Sha-sha, Zhao Wen-long, Li Shan, Lv Qiang-hua, and Bai Rui 2970

PHYSIOLOGY AND REPRODUCTION

- Lighting schedule and dimming period in early life: consequences for broiler chicken leg bone development
Carla W. van der Pol, Roos Molenaar, Christiaan J. Buitink,
Inge A. M. van Rooyert-Reijrink, Conny M. Maatjens, Henry van den Brand,
and Bas Kemp 2980

PROCESSING AND PRODUCTS

- Effect of dietary ethanol extracts of mango (*Mangifera indica* L.) on lipid oxidation and the color of
chicken meat during frozen storage
Ednardo Rodrigues Freitas, Ângela da Silva Borges,
Ana Lúcia Fernandes Pereira, Virgínia Kelly Gonçalves Abreu,
Maria Teresa Salles Trevisan, and Pedro Henrique Watanabe 2989
- Effect of genotype, gender and feed restriction on growth, meat quality and the occurrence of white
striping and wooden breast in broiler chickens
A. Trocino, A. Piccirillo, M. Birolo, G. Radaelli, D. Bertotto, E. Filiou,
M. Petracci, and G. Xiccato 2996
- Effects of conventional and alternative curing methods on processed turkey quality traits
A. L. Redfield, and G. A. Sullivan 3005
- Effect of different chilling rates on the quality parameters of mule duck fatty liver
S. Awde, N. Marty-Gasset, G. Sandri, A. Dalle Zotte, and H. Rémignon 3015

MICROBIOLOGY AND FOOD SAFETY

- Presence of pathogenicity islands and virulence genes of extraintestinal pathogenic *Escherichia coli*
(ExPEC) in isolates from avian organic fertilizer
Luís Eduardo S. Gazal, Juan J. Puño-Sarmiento, Leonardo P. Medeiros,
Paula S. Cyoia, Wanderlei D. da Silveira, Renata K. T. Kobayashi,
and Gerson Nakazato 3025
- Quantification of loosely associated and tightly associated bacteria on broiler carcass skin using swabbing,
stomaching, and grinding methods
P. Singh, H.C. Lee, K.B. Chin, S. D. Ha, and I. Kang 3034
- Evaluation of feed grade sodium bisulfate impact on gastrointestinal tract microbiota ecology in broilers
via a pyrosequencing platform
Si Hong Park, Scot E. Dowd, Jack L. McReynolds, James A. Byrd,
David J. Nisbet, and Steven C. Ricke 3040
- Optimizing buffering chemistry to maintain near neutral pH of broiler feed during pre-enrichment for
Salmonella
M. E. Berrang, D. E. Cosby, N. A. Cox, J. A. Cason, and K. E. Richardson 3048

MANAGEMENT AND PRODUCTION

- Effects of LED lighting during incubation on layer and broiler hatchability, chick quality, stress
susceptibility and post-hatch growth
Jesse C. Huth, and Gregory S. Archer 3052

ASSOCIATION NOTES

- Nunc Dimittis 3059
Annual Meeting, July 27-30, 2015 3061
