

## CONTENTS

### ANIMAL WELL-BEING AND BEHAVIOR

- Effects of light sources and intensity on broilers grown to heavy weights. Part 1: Growth performance, carcass characteristics, and welfare indices  
**H. A. Olanrewaju, W. W. Miller, W. R. Maslin, S. D. Collier, J. L. Purswell, and S. L. Branton**.....727
- Increased water contamination and grow-out Pekin duck mortality when raised with water troughs compared to pin-metered water lines using a United States management system  
**A. Schenk, A. L. Porter, E. Alenciks, K. Frazier, A. A. Best, S. M. Fraley, and G. S. Fraley**.....736
- Effects of incubation temperatures and trace mineral sources on chicken live performance and footpad skin development  
**M. J. Da Costa, E. O. Oviedo-Rondón, M. J. Wineland, K. Claassen, and J. Osborne**.....749
- Acute phase proteins response to feed deprivation in broiler chickens  
**P. Najafi, I. Zulkifli, A. F. Soleimani, and Y. M. Goh**.....760

### GENETICS AND GENOMICS

- Inferring relationships between Phosphorus utilization, feed per gain, and bodyweight gain in an F<sub>2</sub> cross of Japanese quail using recursive models  
**P. Beck, H.-P. Piepho, M. Rodehutschord, and J. Bennewitz**.....764
- Genetic evaluation of early egg production and maturation traits using two different approaches in Japanese quail  
**G. Abou Khadiga, B. Y. F. Mahmoud, and E. A. El-Full**.....774

### IMMUNOLOGY, HEALTH, AND DISEASE

- Functional assessment of encapsulated citral for controlling necrotic enteritis in broiler chickens  
**Yuexi Yang, Qi Wang, Moussa S. Diarra, Hai Yu, Yufei Hua, and Joshua Gong**.....780
- Development of a highly immunogenic Newcastle disease virus chicken vaccine strain of duck origin  
**J. Y. Kim, S. J. Kye, H. J. Lee, S. Gaikwad, H. S. Lee, S. C. Jung, and K. S. Choi**.....790
- The use of FTA cards for transport and detection of *gyrA* mutation of *Campylobacter jejuni* from poultry  
**Y. M. Sierra-Arguello, O. Faulkner, G. Tellez, B. M. Hargis, and V. Pinheiro do Nascimento**.....798
- Molecular detection of chicken parvovirus in broilers with enteric disorders presenting curving of duodenal loop, pancreatic atrophy, and mesenteritis  
**L. F. N. Nuñez, L. R. M. Sá, S. H. S. Parra, C. S. Astolfi-Ferreira, C. Carranza, and A. J. P. Ferreira**.....802
- Anticoccidial evaluation of a traditional chinese medicine—*Brucea javanica*—in broilers  
**L. Lan, B. Zuo, H. Ding, Y. Huang, X. Chen, and A. Du**.....811
- Reduced productivity among confined laying hens infested by *Allopsoroptoides galli* (Mironov, 2013)  
**N. M. Soares, E. C. Tucci, E. R. Freitas, and D. P. B. Fernandes**.....819
- Effect of yeast-derived products and distillers dried grains with solubles (DDGS) on antibody-mediated immune response and gene expression of pattern recognition receptors and cytokines in broiler chickens immunized with T-cell dependent antigens  
**M. Alizadeh, J. C. Rodriguez-Lecompte, H. Echeverry, G. H. Crow, and B. A. Slominski**.....823

## METABOLISM AND NUTRITION

- Effects of dietary protein concentration on performance and nutrient digestibility in Pekin ducks during aflatoxicosis  
X. Chen, R. Murdoch, Q. Zhang, D. J. Shafer, and T. J. Applegate.....834
- Maintenance valine, isoleucine, and tryptophan requirements for poultry  
M. B. de Lima, N. K. Sakomura, J. C. P Dorigam, E. P. da Silva,  
N. T. Ferreira, and J. B. K. Fernandes.....842
- Effect of different doses of coated butyric acid on growth performance and energy utilization in broilers  
S. A. Kaczmarek, A. Barri, M. Hejdysz, and A. Rutkowski.....851
- Effects of different limestone particle sizes in the diet of broiler breeders post molting on their performance, egg quality, incubation results, and pre-starter performance of their progeny  
I. J. M. Bueno, D. Surek, C. Rocha, V. G. Schramm, K. Muramatsu,  
F. Dahlke, and A. Maiorka.....860
- Growth curves and age-related changes in carcass characteristics, organs, serum parameters, and intestinal transporter gene expression in domestic pigeon (*Columba livia*)  
C. Q. Gao, J. X. Yang, M. X. Chen, H. C. Yan, and X. Q. Wang.....867
- An evaluation of zinc bearing palygorskite inclusion on the growth performance, mineral content, meat quality, and antioxidant status of broilers  
W. L. Yang, Y. P. Chen, Y. F. Cheng, X. H. Li, R. Q. Zhang, C. Wen, and Y. M. Zhou.....878

## MICROBIOLOGY AND FOOD SAFETY

- Efficacy of feed additives against *Campylobacter* in live broilers during the entire rearing period: Part B  
M. I. Gracia, C. Millán, J. Sánchez, M. Guyard-Nicodéme, J. Mayot,  
Y. Carre, A. Csorbai, M. Chemaly, and P. Medel.....886
- Effects of dietary *Lactobacillus plantarum* B1 on growth performance, intestinal microbiota, and short chain fatty acid profiles in broiler chickens  
Q. Peng, X. F. Zeng, J. L. Zhu, S. Wang, X. T. Liu, C. L. Hou,  
P. A. Thacker, and S. Y. Qiao.....893

## MOLECULAR AND CELLULAR BIOLOGY

- Structure and age-dependent development of the turkey liver: a comparative study of a highly selected meat-type and a wild-type turkey line  
Hana Hünigen, Kathleen Mainzer, Ruth M. Hirschberg, Pia Custodis,  
Ole Gemeinhardt, Salah Al Masri, Kenneth C. Richardson, Hafez Mohamed Hafez,  
and Johanna Plendl.....901
- Transcriptional regulation of cathelicidin genes in chicken bone marrow cells  
Sang In Lee, Hyun June Jang, Mi-hyang Jeon, Mi Ock Lee, Jeom Sun Kim,  
Ik-Soo Jeon, and Sung June Byun.....912

## PHYSIOLOGY AND REPRODUCTION

- Regulation of egg quality and lipids metabolism by Zinc Oxide Nanoparticles  
Yong Zhao, Lan Li, Peng-Fei Zhang, Xin-Qi Liu, Wei-Dong Zhang,  
Zhao-Peng Ding, Shi-Wen Wang, Wei Shen, Ling-Jiang Min, and Zhi-Hui Hao.....920
- Temperature effect on proliferation and differentiation of satellite cells from turkeys with different growth rates  
D. L. Clark, C. S. Coy, G. M. Strasburg, K. M. Reed, and S. G. Velleman.....934
- Lectin staining of the uterovaginal junction and sperm-storage tubule epithelia in broiler hens  
M. R. Bakst and G. Bauchan.....948
- Temperature during the last week of incubation. I. Effects on hatching pattern and broiler chicken embryonic organ development  
C. M. Maatjens, I. A. M. van Roover-Reijrink, B. Engel, C. W. van der Pol,  
B. Kemp, and H. van den Brand.....956
- Partial ablation of uropygial gland effects on growth hormone concentration and digestive system histometrical aspect of akar putra chicken  
Hasan S. A. Jawad, I. H. Lokman, A. B. Z. Zuki, and A. B. Kassim.....966
